GENERAL PRODUCT INFORMATION:	
Product Description – The product is CM4 Industrial for indoor use. The electronic components are mounted on the PCB. The shell is made of plastic and metal, the plastic material of min.V-1 grade.	
Model Differences – All models are identical, only different in the model name, so the model ED-CM4IND is selected as representative model for full tests.	
Additional application considerations – (Considerations used to test a component or sub-assembly) – N/A
